

EduKonnnect is an exclusive web based solution designed and developed by **Soncepts Software Solutions Pvt. Ltd.** for all kind of educational institutions especially school and colleges equipped with features which are unique in its category and could fulfill requirements of all the departments of any educational institution. The ERP is fully customizable to make you feel personalized while working it and is highly modular in nature.

Challenges faced by Professional Institutes

1. Lack of means to provide parents and guardians the fast access to student records.
 2. Lack of automation in calculating Fee balances or to find Fee defaulters.
 3. Lack of automation for computing the staff's salary.
 4. No quick or easy way to keep the records of students and staff error free and up-to-date.
 5. Lack of accuracy in maintaining the financial records such as Fees, Salary and Expenses.
 6. Problem in managing examination procedure.
 7. Administrators spend too much time in creating Time-Table and in daily assigning the substitutes for free periods.
 8. Lack of easy means or quick way to access old records.
 9. Accessing information from paper files is a difficult task.
 10. Improper means of exchanging information between various departments.
 11. Lack of interconnection between departments.
 12. Wastage of hundreds of hours by staff each month manually entering information or performing administrative tasks that could be handled automatically such as evaluation and generating results.
- and the list goes on.....

Features / Advantages

1. Students and parents online panel to keep them informed.
2. SMS and Email reminders to parents and staff.
3. Dynamic fees management system which takes care of scholarship, partial payment, discounts and fee due reminders etc.
4. Financial accounting managed by the software without the need of accounting knowledge at the operator level.
5. Chatting facility for Staff as well as students through their panels.
6. Facility to manage placement, enquiry, media, visitors and much more.
7. Paperless office concept as all the docs like bills etc can be scanned archived in the software which will be easily accessible whenever needed.
8. Will help manage the data centrally which will be accessible without the barriers of physical location and also increase safety of precious data from loss and theft.
9. Online fee payment facility which will be useful for parents and beneficial for institution.
10. Advanced HR management to fulfil all HR needs.

The screenshot shows the EduKonnnect web application interface. At the top, there is a yellow header with a home icon, the text "Welcome Gautam Srivastava", "Current Session: 2010 - 2011", and "Date:26-May-2011". Below the header is a blue banner with the EduKonnnect logo and various educational icons. A navigation menu is located below the banner, listing: Master, Student, Fee, Exam, Staff, HR, Library, Hostel, Inventory, Account, and Utility. Below the menu, it says "Welcome to Home".

The main content area shows a "Scheduler" tab selected. There is a "Create your Schedule" form with fields for "Schedule Date" and "Schedule Details". Below the form are "Save" and "New" buttons. A table displays the following data:

Schedule Date	Schedule Details	Scheduled by	
19/02/2011	office ana hai	Me	Delete
22/01/2001	I have 2 go now.....K	Me	Delete
17/02/2011	ghar jana hai	Me	Delete
